CERTIFICATIONS

1. Salesforce Administrator
2. Microsoft Azure-Fundamentals (AZ900)

PROFILE

I am a passionate student currently pursuing Bachelors in Computer Science and Engineering at K. Ramakrishnan College of Engineering. I am eager to leverage my academic knowledge and hands-on experience to contribute to innovative tech solutions. I am proficient in programming languages in Python. My academic projects have honed my skills in problem-solving, system design, and collaborative development. Adept at learning new technologies quickly, I am excited to become associated with a company where I can utilize my skills and gain further experience while enhancing the organization's productivity and reputation.

PROJECTS

1.Web Portfolio

- Developed a responsive web portfolio using HTML and CSS, ensuring cross-platform compatibility for both desktop and mobile devices.
- Enhanced user experience through custom media queries and responsive design principles, maintaining visual consistency across various screen sizes.
- Integrated semantic HTML5 elements to improve accessibility and SEO, hosted on GitHub Pages for seamless deployment and version control.

2.Smart Plant Irrigation System Using IoT(Mini-Project)

- Developed an IoT-driven automation system using Arduino and soil moisture sensors to automate irrigation and optimize water distribution.
- Implemented remote control via NodeMCU and fine-tuned sensor calibration for optimal performance in terrace gardening conditions.

INTERNSHIP

Salesforce Administrator

I've Completed the eight weeks of Virtual Internship as a Salesforce Administrator in Salesforce trailhead site.

ACHIEVEMENTS & AWARDS

1.I've published **Pattent** on the Title of "A TELE PROTECTOR SYSTEM".

2.**WON 1st** place with Cash prize in paper presentation on the topic of Universal Medical Card in Sri Eswaran College of Engineering, Coimbatore.

VOLUNTEER EXPERIENCES

I actively participated in organizing and executing a Department symposium at college, where I was responsible for coordinating various logistical aspects. This experience provided me with valuable insights into effective teamwork.
